Re: You ats Architects.

We advise that we have received telephone advice from the Solicitors for Bower McFadyen and Little Pty. Limited advising that they will shortly be receiving instructions to commence legal proceedings against Triglav Pty. Limited and Triglav Club Limited in relation to outstanding Architects fees.

Mr. Williams has handed the relevant documents to our Mr. Roger Clisdell who handles litigation in this office.

Should you wish us to handle this matter kindly telephone the writer and give us your further instructions. The demand as we understand is for a substantial amount of money in the region of \$32,000.00 and in the circumstances should you instruct us to act on your behalf our first piece of advice would be to obtain advice from a Barrister as to your legal position. Kindly let us have your further advices in due course.

Dear Sir, V

Re: Triglav Pty. Limited re Liquidation.

We have been giving a good deal of thought to the instructions received from you in relation to the voluntary winding up of Triglav Pty. Limited.

In our view it will be important to confer with the Company's Accountant, Mr. Lloyd Collins, before implementing your instructions to make sure that it will be in the best interests of both Companies for Triglav Pty. Limited to be wound up.

Prior to the holding of the Shareholders Meeting for the purpose of passing the necessary Special Resolution that the Company be wound up, it is necessary for the Directors to furnish up to date accounts and make the necessary Declaration of Solvency which requires to be filed with the Commissioner for Corporate Affairs before the date upon which you serve the members with the Notice calling the Extra-Ordinary General Meeting.

We have been in touch with Mr. Collins and he states that he will require some little time to prepare the final accounts.

In addition, we would like to arrange a conference to be held with yourself and Mr. Collins at our office to discuss the advisability of proceeding with the liquidation of the Company. Mr. Collins has promised to get in touch with the writer next week to discuss the matter further.

Yours faithfully, KEITH WILLIAMS & PARTNERS...

SLOVENSKI ŠOLSKI ODBOR ZA N.S.W. SLOVENIAN SCHOOLS COMMITTEE OF N.S.W.

ADDRESS:

ANNUAL GENERAL MEETING

PRESIDENT'S REPORT 1982

This year has proved to be a productive year for the Slovenian Schools Committee.

Many programs/tasks, commenced in the early months of 1981, were completed successfully in the following months.

For example, "The Intensive Course for Teachers and Others", which was a direct result of the 1981 Multicultural Grant, ran its due course of approximately 30 weeks, with undeniable success. Those participating benefited greatly. I'm sure, I speak on behalf of all members when I thank Mr. Cujes for his efforts, and particularly his dedication towards fulfilling the aims of this committee.

Also, as a result of the 1981 Multicultural Grant, The Slovenian Schools Committee, specifically the teachers, benefited from a purchase of \$500 worth of books, ordered by Mr. Cujes.

The Multicultural Grant for 1982, was lodged in March of this year, and specifically applied for finances to provide supporting materials for classroom teaching, of the approved syllabus. (Years 7-10).

A sub-committee has been formed to prepare this material, for use in 1983. Progress reports are to be forwarded to the Department of Education at predetermined intervals by the sub-committee. Progress payments will be made by the Department.

The Slovenian Schools Committee recognises that the task given to the sub-committee is challenging and personally time consuming. On behalf of our members, I wish to thank them for undertaking this mammoth task. When completed, it will be of benefit, not only to the teachers, but it will motivate the interest of students undertaking the Slovenian Course.

This year also, a syllabus for years 8 and 9 was formulated, and was the product of work done by a sub-committee of 2 teachers. The syllabus outlines in detail the progression and content of lessons, and gives examples of materials that may be used to develop essential skills. Once again, a task that was personally time consuming for members of the sub-committee, nevertheless, appreciated greatly by the Slovenian Schools Committee as a whole.

The 1981 Higher School Certificate Candidates' Ball proved once more to be a highlight of the year. It was the culmination of the efforts of students, and the work of teachers throughout the year. It was also an opportunity for the Slovenian Schools Committee to witness the crescendo of approval voiced by the Slovenian community in general. This support and approval given by the community is the measuring stick for our committee, which allows us to guage the success and fulfillment of our aims.

In the last year, the committee has been given regular reports on the efforts of some members of our committee, specifically, on the formation of a School of Slavonic Studies. Mr. Mozina & Mr. Menart have been actively involved in efforts whereby all Slavic languages, and therefore necessarily Slovenian, be taught in at least one university. Although headway seems slow, on behalf of the committee, I wish to thank them for their efforts.

This report would be incomplete if no mention was made of problems encountered by the committee. We have always been plagued by the problems arising out of the lack of teachers for our classes. This year perhaps moreso than previously. An unusual run of events, has resulted in an overtaxing need for relief teaching. It is solely due to the dedication and concern of teachers and members of our committee that classes, in Ashfield and Bankstown, have continued to progress with a minimum of upheaval.

Without the selfless coming together of members in the committee - the show of support and co-operation, the work of the Slovenian School Committee would indeed be impossible to continue. In particular, I wish to thank the teachers who came to the fore and helped our cause. Also to the secretary, whose phone number we always tend to dial first when problems arise.

I would like to conclude the report by thanking all independent members of our committee, and the five supporting associations for their continued effort and support of the aims of the Slovenian Schools Committee. Our work is made easier and the rewards much richer, as a result of their active participation.

OKROŽNICA

S stališča slovenske skupnosti je Slovenski šolski odbor v Sydneyu gotovo najbolj uspela slovenska ustanova. Z njegovo ustanovitvijo in delovanjem smo Slovenci dokazali, predvsem sami sebi, da smo vkljub ideološkim in političnim razlikam zmožni složno delati v prid slovenske skupnosti.

Razlog za ta uspeh je treba pripisati dejstvu, da so člani Slovenskega šolskega odbora dosledno spostovali načelo, da predstavljajo slovensko skupnost v Sydneyu samo za šolstvo. Po pravilih Slovenskega šolskega odbora ima vsak delegat ustanovnih organizacij pravico, da da veto na katerikoli sklep šolskega odbora. Do danes se še noben delegat ni poslužil te pravice iz enostavnega razloga, da ni bilo nikoli potrebno.

Globoko v svojem srcu si vsak Slovenec želi, da bi bili Slovenci složni in enotni. Kar zadeva sloge, smo zadnja leta precej napredovali. Meddruštvena trenja je nadomestilo zdravo tekmovanje. Zelo verjetno je, da je Slovenski šolski odbor že s samim svojim obstojem precej pripomogel k temu razvoju.

Kar zadeva enotnosti, pa prihajamo vsi počasi do spoznanja, da ni bistveno, da smo vsi istega misljenja v vsaki stvari, dokler znamo enotno nastopati v važnih zadevah.

Šolstvo je ena tistih zadev, v kateri nastopamo enotno. Če si vzamemo nekaj časa in malo premislimo, bomo gotovo odkrili še druga področja, na katerih lahko skupno delujemo. Potrebne pa so skupne meddruštvene ustanove, kot je šolski odbor, da enotnost na drugih področjih pride do izraza in obrodi sad.

Tudi ni potrebno, da druga področja iščemo z veliko lučjo. Eno teh področij se nam naravnost vsiljuje, namreč ustanova, ki bi imela za nalogo, da pripravi in vzdržuje popis Slovencev, nekak "Slovenski etnografski inštitut," ali po angleško: "Slovene Institute for Ethnographic Research."

Slovenski šolski odbor, na primer, ima velike težave, ker nima polnega seznama slovenskih šolskih otrok. Kako naj se obraća na starše, če ne ve za otroke in nima njihovih naslovov.

Poleg tega je moral šolski odbor improvizirati učne moči, ker je manjkalo kvalificiranih učiteljev. Pritisk na obstojece učitelje in učiteljice je bil nevzdržen, ker so bili preobremenjeni. Na srečo je odbor po naključju pred kratkim našel dve novi in dobro kvalificirani učiteljici, ki sta pripravljeni sodelovati. Gotovo je še nekaj kvalificiranih učiteljev in učiteljic slovenščine, ki ne vedo za Slovenski šolski odbor in odbor ne za njih. Neumno je, da moramo čakati na naključje, ko bi z malo truda lahko imeli na razpolago spisek vseh.

To ni vse. Tako federalne kot državne oblasti od časa do časa prispevajo denarna sredstva v različne svrhe. Šolski odbor in druge naše organizacije bi dostikrat dobile večjo pomoč, če bi lahko dale oblastem boljše statistične podatke.

Tudi niso samo organizacije, ki so prikrajšane. Pred meseci je Etnični radio razdeljeval vprašalne pole, ki jih Slovenci nismo mogle izpolniti z zanesljivimi podatki, ker jih enostavno nismo imeli. Od podatkov pa odvisi, koliko radijskih ur bomo Slovenci

Predstavniki drugih etničnih skupin so poznani, da napihujejo števila svojih sonarodnjakov. Oblasti to vedo in jemljejo njihove statistične podatke z veliko rezervo. Naša slovenska narava je proti pretiravanju. In zakaj naj bi lagali, ko imamo možnost, da pripravimo točne podatke in njihovo verodostojnost dokažemo.

Slovenski šolski odbor je iniciator pobude za popis Slovencev, ker je pač najbolj prizadet. Člani odbora pa ne bi radi, da bi bilo zbiranje podatkov v okviru delovanja šolskega odbora. Prvič zato, ker nima sredstev, in drugič si ne mara nadeti naloge, ki bi bila lahko kočljiva.

Naši ljudje so nezaupljivi, vćasih upravićeno in včasih ne tako upravićeno. Šolski odbor je predragocena ustanova, da bi si nakopala nezaupanje s tveganim podvigom. Takega dela se lahko uspesno loti samo ustanova, ki ima za to poseben mandat.

Taka ustanova bo morala imeti ustavo, ki bo zagotovila, da podatki ne padejo v neprave roke in da se ne zlorabljajo v nenameravane svrhe.

Čeprav lahko upravičeno pričakujemo, da bodo pri zbiranju podatkov pomagali mnogi nasi rojaki brezplačno, bodo za vzdrževanje in izpopolnevanje podatkov stroški mnogo večji, kot so za šolski odbor. Državne oblasti plačujejo učitelje vsaj za učne ure, etnografski inštitut pa bo moral biti ves v naši lastni

Verjetno bo še najceneje, če si predvideni inštitut nabavi mikro-komputer, ki bo prihranil mnogo pisarniškega dela. Vpra-šanje niso samo popis in seznami. Na primer, če nas kdo vpraša: "Koliko je Slovencev starih nad šestdeset let?" Komputer odgovori na tako vprašanje v sekundah in tudi napravi seznam v kakeršnemukoli redu je potreben. Ali pa: "Koliko je dvanajstletnih otrok?" Noben problem.

Med Slovenci je nekaj strokovnjakov in izvedencev na tem področju, za katere smo lahko gotovi, da bodo radi priskočili na pomoć, ne samo pri izbiri opreme, temveč tudi pri pripravi

Šolski odbor se obrača na vse slovenske organizacije v tej državi s prošnjo, da zadevo premislijo in nam sporoče svoje mišljenje. Če bo odziv pozitiven, namerava Slovenski šolski odbor sklicati sestanek pripravljalnega odbora in bo zaprosil vsako slovensko organizacijo, da pošlje po dva delegata.

Spoštovani!

Pred kratkim je bil v Sydneyu ustanovljen Slovensko-avstralski literarno-umetniški krožek.

Namen krožka je,da bi združeval v Avstraliji živeče Slovence,ki se tako ali drugače ukvarjajo s katerokoli vrsto umetnosti, predvsem z literaturo. Krožek naj bi vzpodbujal umetniško udejstvovanje Slovencev in jim po svojih močeh pomagal,kot naj bi vzpodbujal tudi drugo, že tu rojeno generacijo mladih Slovencev,ki kažejo zanimanje in nadarjenost v kateri od umetnostnih vej. Krožek naj bi ves čas aktivno delal na tem,da se ohrani slovenstvo in slovenska beseda tako med starejšo kot med mlajšo generacijo avstralskih Slovencev. Od časa do časa bo krožek izdal Zbornik, v katerem bodo predstavljeni slovenski avstralski pesniki, pisci, slikarji, glasbeniki in drugi, kot tudi kulturno delovanje slovenskih organizacij. Prostor v Zborniku bo dan tudi slovenski šolski mladini, ki pa se lahko predstavi tudi v angleščini. Krožek bo imel pravilne odnose z domovino, s Slovensko izseljensko matico in kulturnimi ustanovami ter posameznimi kulturnimi delavci v Sloveniji. Kjer bodo slovenske organizacije želele in kjer bo to možno, jim bo krožek pomagal pri njihovih kulturno-umetniških manifestacijah.

Krožek že zbira gradivo za naslednji Zbornik,ki bo natisnjen v Sloveniji in bo izšel enkrat drugo leto. V njem naj bi se avstralski Slovenci predstavili v čimbolj možnem širšem preseku. Zbornik bo na voljo našim rojakom v domovini, po drugih deželah kot tudi v Avstraliji.

Vljudno naprošamo tudi vas, da predstavite svojo organizacijo oziroma njeno kulturno delovanje v besedi in sliki.

Besedilo naj vsebuje do 4,000 besed, tipkano naj bo samo na sprednji strani lista z medvrstičnim razmakom od ene in pol do dveh vrstic. K besedilu lahko priložite tri slike iz življenja vaše organizacije kot tudi doprsno črno-belo sliko avtorja. Gradivo nam pošljite do konca januarja.

Za sodelovanje se vam vnaprej zahvaljujem in vas v imenu SALUK-a lepo pozdravljam!

Solstvo je ena tistih zadev, v katerih smo si enotni. Ce si vzamemo cas in malo pobrskamo, bomo gotovo odkrili se druga polja, na katerih smo si lahko enotni. Potrebne pa so skupne meddrustvene ustanove, kot je solski odbor, da enotnost na drugih poljih pride do izraza in obrodi sad.

Tudi ni potrebno, da taka druga polja iscemo z veliko lucjo. Eno teh polj se nam naravnost vsiljuje; namrec ustanova, ki bi imela za nalogo, da pripravi in vzdrzuje popis Slovencev, nakak slovenski statisticni urad ali etnografska pisarna.

Slovenski solski odbor ima velike tezave, ker nima polnega seznama slovenskih solskih otrok. Kako naj se obrne na starse, ce ne ve za otroke in ce nima naslovov. Pa to ni edina tezava.

Ves cas svojega obstoja je moral solski odbor improvizirati ucne moci, ker je manjkalo kvalificiranih uciteljev. Pritisk na obstojece ucitelje in uciteljice je bil nevzdrzen ker so bili preobremenjeni. Na sreco je odbor po nakljucju pred kratkim nasel dve novi in dobro kvalificirani uciteljici, ki sta pripravljene sodelovati. Gotovo je se nekaj kvalificiranih uciteljev in uciteljic slovenkega jezika, ki ne vedo za Slovenski solski odbor in odbor ne za njih. Neumno je, da se mora odbor zanasati na sreco, ko bi z malo truda lahko imeli na razpolago seznam vseh.

To ni vse. Tako federalne kot drzavne oblasti mnogokrat dajejo na razpolago denarna sredstava za razlicne svrhe. Solski odbor in posamezne organizacije bi dostikrat lahko dobile vecjo pomoc, ce bi lahko dale oblastem boljse statisticne podatke.

Solski odbor ni edina ustanova, ki je prikrajsana, ker nima podatkov. Pred meseci je Etnicni radio razdeljeval vprasalne pole, ki jih Slovenci nismo mogli izpolniti z zanesljivimi podatki, ker jih enostavno nismo imeli. Od podatkov pa odvisi, koliko radijskih ur bomo Slovenci imeli.

Predstavniki drugih etnicnih skupin so poznani, da napihujejo stevilo svojih sonarodnjakov. Oblasti to vedo in jemljejo njihove statisticne podatke z veliko rezervo. Nasa slovenska narava je pa proti pretiravanju. In zakaj naj bi, ce z malo truda lahko pripravimo tocne podatke in njihovo verodostojnost dokazemo.

Slovenski solski odbor je iniciator pobude za popis Slovencev, ker je pac najbolj prizadet. Clani odbora pa ne bi radi, da bi tak popis bil v okviru delovanja solskega odbora. Prvic, ker nima sredstev, in drugic, si ne mara zadeti naloge, ki bi bila lahko kocljiva.

Nasi ljudje so nezaupljivi, vcasih upraviceno in vcasih ne tako upraviceno. Solski odbor je predragocena ustanova, da bi si nakopala nezaupanje s tveganem podvigom. Takega dela se lahko uspesno loti samo ustanova, ki ima za to poseben mandat.

Taka ustanova bo moralo imeti ustavo, ki bo zagotovila, da podatki ne padejo v neprave roke, ali pa da se izrabljajo v komercialne svrhe.

Ceprav smo lahko gotovi, da bodo pri zbiranju podatkov pomagali mnogi nasi rojaki brezplacno, bodo za popis stroski mnogo vecji, kot so za solski odbor, ker drzavne oblasti placujejo ucitelje vsaj za ucne ure, medtem ko bo morala statisticna pisarna biti vsa v nasi lastni reziji.

Verjetno bo se najceneje, ce si predvidena statisticna pisarna nabavi mikro-komputer, ki bo prihranil mnogo pisarniskega dela. Vprasanje niso samo popis in seznami. Na primer, ce nas kdo vprasa: "Koliko je Slovencev starih nad petinsesdeset let?" Komputer odgovori na tako vprasanje v secundah in tudi napravi seznam v kakrsnemukoli redu je potreben. Ali pa: "Koliko je dvanajstletnih otrok?" Noben problem.

Med Slovenci je nekaj strokovnjakov in izvedencev na tem polju, za katere smo lahko gotovi, da bodo radi priskocili na pomoc, ne samo pri izbiri opreme, temvec tudi pri pripravi programa.

Slovenski solski oodbor se obraca na vse slovenske organizacije v tej drzavi, da zadevo premislijo in nam svoje misljenje sporocijo. Tudi je zazeljeno, da je vse njihovo clanstvo o predlogu informirano.

QUARTERLY BUILDING ACTIVITY COLLECTION

ST. ANDREWS HOUSE SYDNEY SQUARE, SYDNEY. (GEORGE STREET, NEXT TO SYDNEY TOWN HALL

Please address communications to THE DEPUTY COMMONWEALTH STATISTICIAN BOX 796 G.P.O., SYDNEY 2001.

13 JUL 1982

I understand that you are (or will be) building at the location(s) shown on the enclosed Building Activity Collection form. I should be grateful therefore if you would assist me by reporting progress with the building job by answering the questions on the form and returning it to this Office by the due date in the enclosed reply-paid envelope.

This Bureau regularly collects and publishes statistics of building activity in New South Wales which are used extensively by government authorities in determining economic and social policies and by private industry in determining production plans and distribution arrangements for a wide variety of commodities.

In these statistics it is essential that account is taken of all building activities (or intentions) in New South Wales which are carried out by contract or speculative builders as well as by the large number of 'owner builders' who undertake building work for their own use without the services of a building contractor responsible for the whole job. If you have engaged a builder to carry out or supervise all the work on your behalf, provide the full name and address of the builder so that the required information can be obtained directly from the builder in future. You should complete and return the form even if building work has not commenced.

The information is being collected under the authority of the Census and Statistics Act, 1905. Any information you give will be used only in compiling statistical totals and will be treated as strictly confidential.

If you require any further information or assistance in completing the form, please contact my officers at the address or telephone number shown above. Reverse charges for trunk calls will be accepted.

Yours faithfully

Dear Sir,

Re: Application - Final Grant - Certificate of Registration - Triglav Club Limited

Reference is made to your telephone call of the 6th of June last and in accordance with your instructions we have prepared and lodged the Court application for the Final Grant of a Certificate of Registration in respect to the Club.

We are of the view however that such final order should not be granted until Friday the 1st of July next as on that date the Club would get a whole year's trading for the original licence fee. Granted prior to that date it means paying a fee for a short period having a reassessment of licence fee which is not really possible. We assume the above is satisfactory to you.

Enclosed herewith please find Statutory Declaration setting out the number of members of the Club. This should be completed by inserting the number of members as at the date upon which the document is sworn and should then be returned to this office. Please note the contents of our letter of 17th May last that this number should not exceed 250.

Yours faithfully, BRADY, DONALD & CO.

Dear Karlo,

I enclose extracts from the book written by KARDELS of his wartime memoirs, dealing with events related to the signing of the various Peace Treaties.

It seemed incredible how an AXIS power like Italy and a lackey of Hitler's Germany like Austria could wield so much influence to deny Yugoslavia's claims for a much expanded set of boundaries for the republic of Slovenia.

Best wishes,
