Dear Sir/Madam,

Our Occupational Health Unit staff consists of a Physiotherapist, Occupational Health Nurse and Ethnic Health Worker and has been successfully functioning for almost two years.

During that time we have been assisting people in the community who suffer from work related injuries by providing free services. These include - pain management, hydro-therapy, relaxation etc. We also provide free services for working people such as:- information on safe work practices eg. lifting, bending, information on Workcover (Workers Compensation) and Occupational Health & Safety Act 1983 etc.

The aim of our program is to reduce the incidence of work place injuries. To raise awareness of safe work practices we have recently produced a video called "Does Your Job Give You Pain". We would like to show this video to your community. The film is in English and we can arrange an interpreter if necessary. I would like to know what you think of the idea and would appreciate an early reply.

For further information regarding this matter call the Occupational Health Unit on 727-4244.

Dear Friends

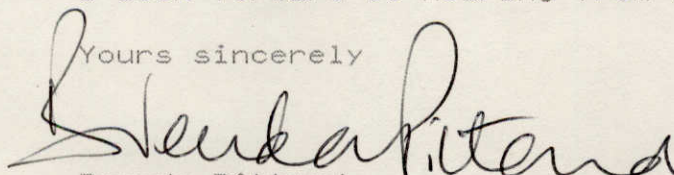

As you may have read in a recent edition of the *Fairfield Advance* I am currently working on a pictorial history of Fairfield, commissioned by Fairfield Council.

As you are aware, from the very earliest days, Fairfield has become home to people from many different countries and obviously it will be important to illustrate this in the book.

For this purpose I am very keen to obtain photographs from the various groups representing different nationalities in the Fairfield area, and I am wondering if your organisation can supply me with any pictures of special events, ceremonies etc in which your cultural group has taken part.

I look forward to hearing from you.

Yours sincerely

Dear Sir/Madam,

Re: Legionnaires' Disease.

You would be aware of the recent publicity and public concern regarding the illness and death of Fairfield residents who have contracted Legionnaires' Disease.

The most common form of transmission for this disease is through dirty and poorly serviced air conditioning systems, which have water cooling towers.

An Australian Standard aimed at minimising the risk of an outbreak of Legionnaires' Disease has recently been published. The Standard details minimum requirements for operation and maintenance of vulnerable plant and equipment such as air handling systems or refrigeration equipment using water cooling towers.

Council is anxious to maintain the best possible standard of public health safety and is conducting a survey to update its information regarding premises having the type of equipment listed above.

Information collected will enable Council to:-

- * Minimise the risk of an outbreak, or
- * Investigate and control any outbreak quickly, and/or
- * Eliminate speculation and publicity regarding premises associated with any outbreak.

.../2

HBG0501525

I have enclosed a questionnaire which you are requested to complete and return to Council, in the pre-paid envelope provided. It is requested that you return the Survey Form by the 26th May, 1989.

All information provided will be dealt with and held as strictly confidential.

Your co-operation with Council in providing the necessary information will greatly improve both the public's and your employees' health.

Dear Sir/Madam,

Re: Launch of Fairfield City Council Recreation and Sporting Facilities Brochure

Local Government Ethnic Affairs Policy Statements (L.E.A.P.S.) provide guidelines for Local Councils to more effectively serve their local communities.

The Fairfield City Council Recreation and Sporting Facilities brochure was developed to help Council provide comprehensive information, and so improve access to its sporting and recreation facilities.

The launch will provide a good opportunity for an informal exchange of information to help give direction to Council for future program and facility development.

Council's Sport and Recreation Officer, Ms. Dana Spence, will be pleased to discuss your group's recreation and sporting preferences and needs with you at the launch, 4th December from 5-7 pm at the Administration Centre, Avoca Road, Wakeley.

Re: Road Construction - Brisbane Road St Johns Park
Drawing No. 4269.

On behalf of the Board of Triglav Club, I am writing to you regarding proposed road construction at Brisbane Road St Johns Park.

Up to this date, we have only one out of three submissions of quotations offered by our surveyor Mr. Britton. I do apologize on delay of this letter as it was clearly stated to me by Mr. Britton, that he will be contacting you as from our meeting.

I would also stress to you, that our Clubs financial stand is very low and the costs submitted by Calmsley Developments P/L is well beyond our capability of acceptance. Our Club is runned only three evenings in the week and takings are hardly covering our expences. We can not take a loan from the Bank, because we are still paying of our Clubs building loan.

The Board is considering to approach our members for a loan or donation regarding your demand.

Dear Sir,

As part of Council's Bicentennial celebrations during 1988, a series of gatherings of senior citizens will be conducted under the title "International Concert and Lunch".

It is intended that these functions will be of a celebratory nature, highlighting the multiculturalism of Fairfield via a range of foods and entertainment.

At this stage it is envisaged that three (3) concerts will be held and that each will accommodate approximately 200 people, drawn primarily from the aged and disabled sections of the Fairfield community.

The dates for these concerts have not yet been determined although it is thought appropriate that one be held during Senior Citizens Week (March 13th - 20th) and that the three (3) be spread through the year.

We are now considering possible venues for these occasions and would be happy to obtain a response from your organisation in the following terms.

- availability of your venue;
- suggested dates;
- cost to hire venue;
- suggestions for the provision of luncheon (remembering the "International" theme of the function.
- suggestions for entertainment (remembering the "International" theme of the function).

Council has obtained a Bicentennial grant for the purpose of conducting these concerts and as a result, we are able to allow approximately \$2,500 for each concert.

Should you choose to respond to this matter it would be appreciated if you could consider the alternatives of a midweek function as well as a Sunday function.

Council and its Bicentennial Management Committee are particularly pleased with this project and the opportunity it provides to include our senior citizens in our 1988 celebrations.

I trust that you also consider it to be a worthwhile event and that you will allow us the opportunity of considering your organisation as the host of one of our concerts.

Should you have any further enquiries about this project, please contact Council's Bicentennial Co-ordinator, Mr. Ken Hastie, telephone 609 0392.

Dear Sir/Madam

RE: Lot A, DP 372894, Brisbane Road, St Johns Park.

I refer to the matter of the outstanding conditions related to roadwork and kerb and gutter construction for the full frontage of the property.

Reference is also made to the outstanding works in relation to completing the car park, including provision of landscaping.

These matters have been long outstanding and in order for Council to defer commencement of action to ensure compliance, a work programme is required to be submitted within a one (1) month period from the date hereof.

The programme is required to identify the schedule to carry out the works, with particular attention to be directed to the half width construction of Brisbane Road, as well as associated drainage, kerb and gutter etc.

These matters are referred for your urgent attention and in the event of any enquiries, please contact Council's Planning Department.

Dear Sir/Madam,

Re: Re-Exhibition of Fairfield Draft City Plan.

In June, 1990 Council resolved to prepare a Comprehensive Draft Local Environmental Plan (LEP) for the City of Fairfield. More detailed controls for the development of certain types or areas of development are contained in Development Control Plans (DCPs). These documents together form the Draft City Plan.

The Draft City Plan was on public exhibition from 30 March, 1992 to 30 June, 1992 with public submissions being received to 30 June, 1992. Due to requests for an extension of time to make submissions, Council has resolved to re-exhibit the Draft City Plan.

The Draft City Plan will be **re-exhibited** from 17 August, 1992 to 9 October, 1992 with submissions being received by 6 November, 1992. The exhibition will be held at:-

- * Council's Administration Centre
Avoca Road, Wakeley
8.40 a.m. to 4.00 p.m., Monday to Friday.
- * Whitlam Library
Railway Parade, Cabramatta
10.00 a.m. to 8.00 p.m., Monday to Friday, and
9.30 a.m. to 12 noon Saturday.

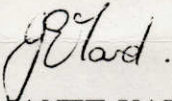

- * Fairfield Library
Barbara Street, Fairfield
10.00 a.m. to 8.00 p.m., Monday to Friday, and
9.30 a.m. to 12 noon Saturday.

Submissions already received by Council will be carried over for consideration after the re-exhibition. However, if you wish to expand your current submission(s) or lodge a submission then it must be received by 6 November, 1992.

Before deciding on any submissions, Council will provide an opportunity at a public hearing for you to pursue your submission in response to the recommendation of the Planning and Policy Division. If you make or have made a submission on the Draft City Plan, you will be advised of arrangements for the public hearing towards the end of this year.

If you have any enquiries regarding the Draft City Plan, please contact me or John Pagan, Manager of Council's Planning and Policy Services on 725-0852.

Dear Sir/Madam

Fairfield Sports Aid Foundation Request for Assistance

The Fairfield Sports Aid Foundation (FSAF) was established in 1978 by Fairfield City Council primarily to serve as a vehicle to secure an alternative source of funds in order to give financial assistance to amateur sportspersons. To date the Foundation has assisted 21 different sports by giving encouragement and opportunity for 100 recipients to achieve their full potential.

To assist the Sports Aid Foundation to recognise the achievements of local sportsmen and women in the City of Fairfield, the Committee seeks your support in the form of a \$50 to \$500 donation.

The FSAF is registered with the Australian Sports Aid Foundation as an eligible organisation, and as a result, any major donations are tax deductible.

The Foundation Committee is proud of the role it is playing in the development of sport and sincerely hopes that you will support the youth of Fairfield.

A Committee member is available to address your Club on the aims and future direction of the Foundation. Any assistance or support from your organisation would be most appreciated and will assist in reaching our goals. The pamphlet enclosed on the Australian Sports Aid Foundation is for your perusal.

Should you wish to discuss any aspect of the Fairfield Sports Aid Foundation, please contact Council's Sports Development Co-ordinator, Mr. Ross Wilson, on 725-0882.

Dear Sir/Madam,

RE: FAIRFIELD CITY CARNIVALE'94

Your organisation is cordially invited to support the Fairfield City Carnivale'94 to be held at **Brenan Park, Smithfield on 6 February 1994 from 4pm to 7pm**. The organisers are calling upon local ethnic groups to participate in the multicultural fashion show, song and dance performances, and set up of food stalls.

Fairfield City Council, Fairfield Community Arts Network and Fairfield Community Resource Centre will continue to run the Fairfield City Carnivale'94 in support of the annual multicultural state-wide Carnivale. This year's program is detailed below:

Multicultural Fashion Show

This is going to be the largest ethnic fashion showcase in Sydney, probably throughout Australia. Come and make the record with the 106 different nationalities residing in Fairfield City. You are requested to send a gentleman and lady (or a boy and girl) dressed in your ethnic fashion to the show. The fashion can either be traditional or modern, and reflecting the characteristics of your ethnic culture. You are also requested to send us the national flag of your country, in colour and A5 size (14.8 x 21cm); description of your fashion in less than 100 words, and a cassette tape of your ethnic music for about 1 minute.

Multicultural Song and Dance Performances

To be performed in the open air after 5.30pm, each group will be assigned to play up to 20 minutes in full performance costume. An honorarium of around \$100 is available to each group. Changing facility is at the back of the stage.

International Food Stalls

About 20 stalls will be set up for hire. All you have to pay is a nominal hire fee and you can introduce your ethnic foods to over 1,000 spectators attending. Profit made will be kept by you.

I should be grateful if you would return the lower part of this page to me to confirm your participation on or before 14 January 1994. Please call David Lo or Sandie Beaumont on 725-5546 if you have any questions.

Fairfield City Carnivale'94 will count on your support. Merry Christmas.

Yours faithfully,
